

I've found the time
To drop a line,
And let you know
I'm feeling fine.

Although I'm slow,
I've done my best,
And now I'll give
My brain a rest.

Dear Cousins: - We are all well. But one of our horses is dying this morning from Bayley Beards. My folks went to Swartout Canyon yesterday morning by camp wagon & 4 horses. Will be gone 10 days or 2 weeks. John expects to be all done baling tonight. Wish I could see you. Will be glad when you can come down. Love to you Both from Hattie.
